Liv Diagnostics participates at Bio-Europe in Copenhagen

The 24th annual BIO-Europe is Europe's largest partnering conference serving the global biotechnology industry. Delegates from all parts of the biotechnology value chain come to BIO-Europe to quickly identify, engage and enter into strategic relationships that drive their businesses successfully forward. Investment and collaboration opportunities developed in prior BIO-Europe conferences have produced many highly successful business partnerships.

This year's BIO-Europe partnering event will again draw over 4,000 industry attendees from over 60 countries, representing more than 2,100 companies for three days of high level networking.
